## **Environmental Accessibility Policy and Plan**

Caritas | Excellence | Together

Common Good | Common Home | Dignity | Solidarity | Subsidiarity | Participation

*"God is love, and he who lives in love lives in God, and God lives in him" (1 Jn 4:16)*

*Our mission is to provide an excellent Catholic education for all our students which enables them to respond to the call of Christ throughout their lives. Caritas – the love which is God – is the gold thread running through everything we do. We welcome and accept all our students and staff as unique individuals created in the image of God. We treat one another with kindness and respect. We are a community of Caritas where everyone feels safe, supported and inspired to make a difference in our local, national and global communities. We strive for the highest quality of learning and teaching that inspires us all to discover and develop our God-given gifts and talents, to excel in the present and aim high in the future.*

*Our three Newman values are;  
Caritas – I have been created for a specific purpose  
Excellence – I always aim for my personal best  
Together – I am a link in a chain*

*Our commitment to the care of our most disadvantaged students is core to our Catholic mission of what Pope Francis calls the preferential option of the poor.*

## **Introduction**

Cardinal Newman Catholic School (CNCS) is an inclusive school where every student and each member of our school community is valued and respected. We are committed to the inclusion, progress and growing independence of all of our students, including those with SEND. We aim for all students, staff and visitors to be able to access all areas of the school in a similar way. In order to achieve this, key objectives have been identified and strategies have been developed to achieve them. The table below provides an overview of the Environmental Accessibility Plan.

The plan is compliant with current legislation as specified in Schedule 10, relating to Disability, of the Equality Act 2010 and the scheme shows how the school is meeting its general duty to promote disability equality across all its areas of responsibility.

## **Definition of disability**

A person has a disability if he/she has a physical or mental impairment that has a substantial and long-term adverse effect on his/her ability to carry out normal day-to-day activities.

## **Current Range of Known Disabilities**

The school has students with a range of disabilities to include moderate and specific learning disabilities. We have a small number of staff and parents/carers who have a range of moderate disabilities.

Please refer to the school's SEND Information Report for information on how the school meets the needs of learners with Special Educational Needs and/or Disabilities (SEND).
